Thanks for reading!

I used the colorful lion dancer to represent the respect for people of all colours. The lion's vibrant head shows how people from different backgrounds can live in harmony and mutual respect, treating each other kindly. Like a rainbow, the colours of the lion dancer bring warmth and light to everyone.

The lion dancer has become a mascot because it celebrates each colour and paint without excluding any.

The Lunar New Year has arrived!
It's a day when both the
celestial and earthly worlds
celebrate together in full swing.

On top of a piano, a little lion figurine and a jade dragon seal sit neatly.

Suddenly, the lion falls off the piano!

Nine-year-old Ah Sing, the happy-go-lucky mortal kid who owns the figurine, starts feeling like **bad luck** is following him.

About the Author

I'm Tik Tik Child, the creator of this storybook and a comic artist. I work as an art instructor at Choeng Mei Art. Out of discovery of my interest in storybooks, I enrolled in and completed the 7th Picture Book Creation and Culture Course organized by Hong Kong Productivity Council. This book, *When the Lion Dancer Comes to Town: A Feast of Fun*, is my final project. I hope it brings positive energy to readers, inspiring them to strive for their own achievements. I wish to become a popular and outstanding comic artist.

About the Storybook

When the Lion Dancer Comes to Town: A Feast of Fun centers on the golden trio of culinary creativity, football and martial arts. From the fall of Ah Sing's lion figurine, the breaking of egg and the series of unfortunes, to festive days like Easter and Chef's Day, Ah Sing and his mum work together to turn his fortune around, creating a delicious full-egg banquet. Ah Sing's mum secretly prays for blessings and miracle finally comes. Hope this heartfelt tale brings joy, warmth and smiles to readers, showing how effort and resilience lead to rewarding outcomes.
